Title:	Recommendation relative to Charter School Application – Iron City Business Academy		
Originator/Department:	Mr. Cedric Tatum		
Recommendation:	That the Board accepts the recommendation of the review team to deny the application for Charter school as presented by Iron City Business Academy.		
Background/Discussion:	See attached application review. The application for Iron City Business Academy Charter School, submitted to Birmingham City Schools does not meet the minimum requirements for recommendation of approval. Key sections of the application relative to the Education Plan and Design, Operations Plan, and Financial Plan did not include required information and did not earn the required minimum for approval. The Education Plan did not provide sufficient evidence of success in offering programs or services not currently offered by the district. Both the Operations and Financial Plans lacked supportive evidence and clarity relative to opening and maintaining a high-performing school. As a result, the recommendation of this committee is to deny the application for Iron City Business Academy Charter School.
